Unit-linked life insurance products are different from the traditional insurance products and are subject to risk factors. Premiums paid in unit-linked life insurance policies are subject to investment risks associated with capital markets, and NAVs of the units may go up or down, based on the performance of the fund and factors influencing the capital market and the insured is responsible for his/her decisions. PNB MetLife Insurance Company Limited is only the name of the Life Insurance Company and PNB MetLife Goal Ensuring Multiplier Plan is only the name of the unit-linked life insurance contract and does not in any way indicate the quality of the contract, its future prospects or returns. Please know the associated risks and the applicable charges from your insurance agent or intermediary or policy document issued by us. The various funds offered under this contract are the names of the funds and do not in any way indicate the quality of these plans, their future prospects and returns. The past performance of the funds is not indicative of the future performance. The examples shown above are for illustration purpose only. For full details, please refer to the Benefit Illustration. The above illustration has been determined using assumed investment returns at 4% and 8% respectively. Assumed rate of returns are not guaranteed and these are not the upper or lower limits. The above premium figures are exclusive of Goods and Services Tax and Cess. Goods and Services Tax and Cess, as applicable thereon, shall be charged as per the prevalent tax laws over and above the said premiums. ¹Return of Fund Management Charges (ROFMC) for Single pay & 5 Pay would be for FMC deducted for first 5 years and for 7 pay & above would be for FMC deducted for first 7 years. This will be credited back at the end of the 10th policy year. ²Return of Premium Allocation Charges (ROPAC) is expressed as percentage of Premium Allocation charges deducted in the policy. The value of ROPAC would be 150% for policies with term greater than or equal to 20 years (paid equally at end of 10th, 15th and 20th policy year), 100% for policy term 15-19 years (paid equally at the end of 10th and 15th year) and 50% for policy term 10-14 years (at the end of 10th year). We give you back in equal instalments at the end of 10th, 15th and 20th policy year a total of up-to 150% of Premium Allocation Charges. ³Fund Boosters will be allocated to the policy fund at the end of 15th, 20th, 25th & 30th year (For Regular pay, 5, 7 & 10 pay). Single Pay Policy will get Fund Booster additionally at the end of 10th policy year also. ⁴Return of Mortality Charges (ROMC) is expressed as percentage of mortality charges deducted in the policy (net of any taxes). ROMC is not available for Single Pay. Get 25% to 100% of the Total Mortality Charges returned to you at maturity (based on the plan option and the policy term chosen by you). Tax Benefits under this plan may be available as per the provisions and conditions of the Income Tax Act, 1961 and are subject to any changes made in the tax laws in future. Please consult your tax advisor for advice on the availability of tax benefits for the Premiums paid and proceeds received under the policy for more details.
