

**PNB MetLife India Insurance Company Limited**

**Annual Corporate Social Responsibility (CSR) Report for the FY 2016-17**

1) **CSR Policy**

PNB MetLife believes in being a good corporate citizen and showing its commitment to the communities in which it lives and does business with. The CSR program had been developed in 2014 around the strategy of leveraging key issues facing the community and the Company's geographical strengths (partners) to facilitate project management and volunteering. In line with this strategy, company has decided to work in the area of financial inclusion, education and development of underprivileged children, health and hygiene and promotion of national sports.

We had taken on the cause of promoting Badminton, which is a national sport, as part of our CSR initiative in 2015. For overall development of underprivileged children participation in sports is also an important element. Our badminton training camps in advance of the PNB MetLife Junior Badminton Championships have been a success.

The CSR Policy of the Company sets the framework guiding the Company's CSR activities. As part of our CSR policy, we provide three working days for our employees to be taken on volunteering activities at our CSR projects. In 2016-17 we ran the Financial Inclusion challenge where our employees partnered with participating ventures as mentors or judges to help them win a grant from MetLife Foundation of USD 150,000.

The CSR Policy was approved by the Committee at its meeting held in July 2014 and is also put up on the website of the Company.

8) **Explanation for the unspent amount**

We had estimated to spend on projects related to healthcare and digitization of education. These could not be launched. As we complete three years of our CSR programmes in 2017, we have taken the opportunity to revisit our CSR approach and move towards Shared Value based projects instead of taking a pure philanthropy route to create a deeper impact on the communities we serve.

We had anticipated a higher spend on the Insurance Awareness programmes, we were not able to consume the amount due to unrest in Jammu & Kashmir (target state for 2016-17). We will be carrying the same forward.

As the PNB MetLife Junior Badminton Championships go on till June 2017, we are yet to disburse a portion of the funds to the NGO partner for scholarships of underprivileged children.
