\# In case compound reversionary bonus, the rates are expressed as a \% of "Sum assured" plus "accrued bonus" (i.e. bonus already credited to the policy till date). In case of Simple reversionary bonus, the rates are expressed as \% of "Sum assured". For Century Plan, Simple Reversionary bonus is expressed as a \% of the Annualised premium.
** Terminal Bonus is expressed as \% of "accrued reversionary bonus" only.
*** For Deferred Monthly Income Plan, Cash Bonus is expressed as \% of 'base sum assured'.

The above bonus rates have to be credited to all eligible policies (refer the respective policy terms \& conditions) on the policy anniversary falling during the FY 2022-23 ( $1^{\text {st }}$ April 2022 to 31 ${ }^{\text {st }}$ March 2023, both dates inclusive), provided the policy is in-force. It may also be noted that the same rates will be used for making the interim bonus during the inter-valuation period (i.e. time period during the next financial year but before the bonus declaration).

All other terms \& conditions for the bonus eligibility shall remain same.
