Jab wealth ki guarantee** aur bharosemand insurance ka ho saath, toh life badhe super fast!

**Terms & Conditions apply.
PNB MetLife Super Saver Plan
Individual, Non-linked, Participating, Savings, Life insurance plan

When you begin your career, you tend to set aspirations and goals that you want to achieve for a blissful future. These goals include purchasing a new house, a dream vacation, a safe and secured family, a good life after retirement, so on and so forth. To make sure that these aspirations come to life, it is important to start saving at an early age but more important to start saving in the right place.

With the new 'PNB MetLife Super Saver Plan' the worry of fulfilling your financial goals is taken care of especially in times when life is unpredictable. This plan helps you accumulate your savings and provides a long term financial protection for you and your family. Additionally, it also provides a waiver of premiums to ensure that your goals are not compromised in case of critical illness or an untimely demise.

With PNB MetLife Super Saver Plan

- Gain financial strength to fulfil your aspirations and goals
- Ensure long term savings and financial protection for your family with Savings + Family Care option where Maturity benefit is paid as scheduled even after death of the Life Assured and no future premiums are payable after death
- Safeguard your goals from unexpected illnesses with Waiver of Premium on critical illness
- Safeguard your financial needs even after retirement

Waiver of premium is available under Savings + Health Care option.

Key benefits

- **Maturity Benefit:** Get sum assured on maturity as lump sum plus reversionary bonuses (as per payout option chosen) and terminal bonus, if declared.
- **Flexibility to choose how long you want to pay:** 5, 7, 10, 12 or 15 years
- **Flexibility to choose bonus payout options**: *Accumulation:* Simple reversionary bonus, if declared, accumulated throughout the policy term and paid on maturity OR *Liquidity* through Cash bonuses, if declared: Simple reversionary bonus, if declared, accrued during premium payment term and paid on maturity PLUS Cash bonus, if declared, is paid every year after premium payment term.
- **Protection for your family:**
  - Get life cover for the entire policy term
  - Safeguard your family’s future even in your absence with no future premiums payable after the death (available under ‘Savings + Family Care’ option)
  - Protect your financial goals against illnesses with Waiver of Premium on 35 critical illnesses (available under ‘Savings + Health Care’ option)
  - Get additional cover through accidental death and serious illness riders, at a nominal cost
- **Tax benefits:** You may be eligible for tax benefits on premiums paid and benefits received, as per prevailing tax laws

1Waiver of premium is available under Savings + Health Care option.

### How does the plan work?

Case 1: Anish, aged 40 years, wants to accumulate sufficient wealth by the time he retires so that he doesn’t have to depend on anyone else during his retirement years. He opts for "PNB MetLife Super Saver Plan" and chooses "Savings" option with premium payment term of 10 years, policy term 20 years and Sum Assured of ₹5,28,597. His yearly premium is ₹50,000 (exclusive of Goods and Service Tax), assuming that he is in good health.

Scenario 1: He opts for Bonus option 1 - Accumulation:

- **Simple Reversionary Bonuses, if declared:**
  - Reversionary bonuses (if declared) accrue from 1st year
  - Estimated benefits at maturity @8% @4%
    - Basic Sum Assured (₹)
      - 5,28,597 5,28,597
    - Simple Reversionary Bonuses, if declared (₹)
      - 4,75,737 52,860
    - Terminal bonus, if declared (₹)
      - 1,90,295 21,144
    - Total benefit (₹)
      - 11,94,629 6,02,601

b) In case of unfortunate demise of Anish in the 8th policy year, his nominee receives the following benefit and the policy terminates.

---

For illustrative purposes only

b) In case of unfortunate demise of Anish in the 8th policy year, his nominee receives the following benefit and the policy terminates.

---

1Premium would be varying depending upon the Plan option chosen by the policyholder.
Case 2: Soham, aged 30 years, wants to save for his business start-up. He wishes to fulfill his dream even in case of any uncertainty. He opts for “PNB MetLife Super Saver Plan” and chooses “Savings + Health Care” option with policy term of 15 years with premium payment for 15 years and Sum Assured of `6,60,764. His yearly premium is `50,000 (exclusive of Goods and Service Tax), assuming that he is in good health.

- He opts for Bonus option 1 where Simple Reversionary Bonuses, if declared, accrue at the end of every policy year, throughout the Policy Term and is paid at the end of the policy term.
- At maturity, Soham receives the sum of Basic Sum Assured, accrued Reversionary Bonuses, if declared, and Terminal Bonus, if declared.

Scenario 1: If Soham survives till maturity he gets benefits as shown below:

<table>
<thead>
<tr>
<th>Benefits at Death</th>
<th>@8%</th>
<th>@4%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sum Assured on Death* (₹)</td>
<td>5,28,597</td>
<td>5,28,597</td>
</tr>
<tr>
<td>Vested Bonuses, if declared (₹)</td>
<td>1,90,295</td>
<td>21,144</td>
</tr>
<tr>
<td>Total benefit (₹)</td>
<td>7,18,892</td>
<td>6,49,741</td>
</tr>
</tbody>
</table>

The above illustration has been determined using assumed investment returns at 4% and 8% respectively. Assumed rate of returns are not guaranteed and these are not the upper or lower limits.

Scenario 2: Anish opts for Bonus option 2- Liquidity as he wishes to have a secondary income to support his family’s expenses as well as to build a retirement corpus.

- Simple Reversionary Bonuses, if declared, accrue at the end of every policy year, throughout the Premium Payment Term of 10 years.
- Anish starts receiving cash bonus, if declared, every year from the end of the 11th policy year till end of policy term.
- At maturity, Anish receives the sum of Basic Sum Assured, accrued Simple Reversionary Bonuses, if declared and Terminal Bonus, if declared.

c) If Anish survives till maturity, he gets benefits as shown below:

For illustrative purposes only.

- In case of unfortunate demise of Anish in the 15th policy year, his nominee receives the following benefit and the policy terminates.
- He receives Cash bonus, if declared, of ₹20,351 @8% or ₹2,749 @4% every year from the end of 11th policy year.

For illustrative purposes only. The above illustration has been determined using assumed investment returns at 4% and 8% respectively. Assumed rate of returns are not guaranteed and these are not the upper or lower limits.
Case 3: Arnav, aged 35 years, has a 3 year old son Aryan. Arnav wants a savings plan which will ensure that Aryan’s higher education needs are fulfilled even in his absence. He opts for “Savings + Family Care” option of “PNB MetLife Super Saver Plan” and:
• Selects premium payment term of 15 years and policy term of 15 years
• Opts for Sum Assured of ₹6,36,375 and pays yearly premiums of ₹50,000 (exclusive of taxes/cesses), assuming that he is in good health
• He opts for Bonus option 1
• Starting from the first policy year, simple Reversionary Bonuses, if declared, accrue at the end of every policy year, throughout the Policy Term of 15 years
• At maturity, Arnav receives the sum of Basic Sum Assured, accrued Reversionary Bonuses, if declared, and Terminal Bonus, if declared

Scenario 1: If Arnav, i.e. the Life Assured, survives till maturity:

<table>
<thead>
<tr>
<th>YEAR</th>

<td>8,68,724</td>
</tr>
</tbody>
</table>

Reversionary bonuses (if declared) accrue from 1st year onwards

Terminal Bonus (if declared)

Accrued Simple Reversionary Bonus, (if declared)

Basic Sum Assured

Soham pays annual premiums of ₹50,000 for 5 years and is diagnosed with any of the covered 35 critical illnesses in the 5th policy year. For illustrative purposes only

Scenario 2: At the age of 35 years, Soham is diagnosed with a critical illness out of the 35 critical illnesses covered in the plan and he is unable to save towards his goal. With ‘Waiver of premium’ benefit available under ‘Savings + Health Care’ option during the premium payment term, all future premiums will be waived off and policy will continue to provide future benefits for the entire policy term.

Scenario 3: In case of unfortunate demise of Soham in the 8th policy year, his nominee receives the following benefit and the policy terminates.

<table>

In the event of the unfortunate death of the Life Assured provided that the policy is still in In-force status on the date of death:

If 'Savings' or 'Savings + Health Care' option is chosen, the nominee shall receive:

Sum Assured on Death (as described below) plus the accrued Simple Reversionary Bonuses plus Terminal Bonus, if declared, subject to a minimum of 105% of Total Premiums paid up to the date of death and the Policy shall terminate.

If 'Savings + Family Care' option is chosen, the nominee shall receive:

- Sum Assured on Death (as described below)
- Terminal Bonus, if declared
- Accrued Simple Reversionary Bonuses, if declared
- Sum Assured on Maturity

Where, Sum Assured on Maturity is the absolute amount of benefit guaranteed to be paid on maturity date, which is same as Basic Sum Assured

### Maturity Benefit

In case the Policy is in In-force status and all due installment premiums have been received by us:

1) If Savings and Savings + Health Care Option is chosen and the Life Assured survives till the Maturity Date, Maturity benefit payable will be the sum of:
   - Sum Assured on Maturity
   - Accrued Simple Reversionary Bonuses, if declared
   - Terminal Bonus, if declared

2) If Savings + Family Care option is chosen and the Life Assured survives till the Maturity Date, Maturity benefit payable will be the sum of:
   - Sum Assured on Maturity
   - Accrued Simple Reversionary Bonuses, if declared
   - Terminal Bonus, if declared

Where,

- ✓ Sum Assured on Maturity is the absolute amount of benefit guaranteed to be paid on maturity date, which is same as Basic Sum Assured

### Plan Options

This plan offers three Plan options: Savings, Savings + Family Care, and Savings + Health Care option.

- **Savings option**: This option offers a Lump sum benefit on death or maturity; wherein the Lump sum benefit is the sum of basic sum assured, accrued simple reversionary bonuses, if declared, and terminal bonus, if declared.

- **Savings + Family Care option**: In addition to the Savings option benefits, all the future instalment premiums that would otherwise have been payable under the policy for the remainder premium payment term are not payable after the death of life assured of the policy and Maturity benefit (including all bonuses) will be payable as mentioned in the Maturity Benefit section.

The Policyholder, through the Proposal Form, may nominate a child or spouse to receive the Policy Benefits. The nominee is the main beneficiary under this option. In case the nominee is a minor, the details of Appointee will have to be furnished at the inception through the Proposal Form. Nomination shall be allowed as per the provisions of Section 39 of the Insurance Act, 1938 as amended from time to time. The life assured and policyholder should be same under this option.

- **Savings + Health Care option**: In addition to the Savings option benefits, this option offers a Waiver of Premium (WOP) on occurrence of Critical Illness. All the future instalment premiums that would otherwise have been payable under the policy for the remainder premium payment term are waived on occurrence of any one of the 35 listed Critical Illnesses. All other benefits (Death, Surrender and Maturity) will be the same as mentioned in the sections below.

### Bonus Options

The policyholder shall have the option to choose the following bonus options at inception of the policy:

- **Option 1: Accumulation**: Simple Reversionary Bonus, if declared, will accrue throughout the Policy Term and is paid as lump sum on the Maturity Date or death (except in Plan option 2: Savings + Family Care), whichever is earlier. For Savings + Family Care option, after death of the Life Assured, Simple Reversionary bonus, if declared, shall be accrued and paid along with Maturity benefit.
Option 2: Liquidity:
- Simple Reversionary Bonus, if declared, accrues during Premium Payment Term and is paid at the Maturity Date or death (except in Plan option 2: Savings + Family Care) whichever is earlier. For Savings + Family Care option, after death of the Life Assured, Simple Reversionary Bonus, if declared, shall be accrued during premium payment term and paid along with Maturity benefit.
- Cash bonus, if declared, will be paid at the end of each Policy Year after the expiry of the Premium Payment Term till the Maturity Date or death (except in Plan option 2: Savings + Family Care), whichever is earlier. For Savings + Family Care option, after death of the Life Assured Cash bonus, if declared, shall continue to be paid till Maturity.

Option 2 will be available only with the following Premium Payment Term and Policy Term combinations:

<table>
<thead>
<tr>
<th>Premium Payment Term (Years)</th>
<th>Policy Term (Years)</th>
</tr>
</thead>
<tbody>
<tr>
<td>5, 7, 10</td>
<td>15</td>
</tr>
<tr>
<td>10, 12</td>
<td>20</td>
</tr>
</tbody>
</table>

Where,
- **Simple Reversionary Bonus (SRB)**
  - We may declare Simple Reversionary Bonus under the Policy on the Policy Anniversary commencing from the 1st Policy Anniversary till the end of the policy term, provided the Policy is In-force Status.
  - Once a Simple Reversionary Bonus, if declared, is declared by us it accrues under the policy and is guaranteed to be paid along with the Death Benefit (except in Plan option 2: Savings + Family Care) or Surrender or the Maturity Benefit of the policy. Simple Reversionary Bonus, if declared, is expressed as a percentage of the Basic Sum Assured. For Savings + Family Care option, after death of the Life Assured Simple Reversionary bonus, if declared, shall be accrued and paid along with Maturity benefit.
- **Terminal Bonus (TB)**
  - We may declare Terminal Bonus under the Policy from the 10th Policy Year onwards or from the third last policy year whichever is earlier.
  - Terminal Bonus, if declared, is expressed as a percentage of all accrued Simple Reversionary Bonuses and all Cash bonus paid, if declared. If declared, the Terminal Bonus will be paid along with the Death Benefit (except for Savings + Family Care option). For maturing policies, the declared Terminal Bonus, if declared, is paid along with the Maturity Benefit. For policies that are surrendered during the last three policy years, the declared Terminal Bonus, if declared, is payable along with Surrender benefit.
- **Cash Bonus**
  - The Cash bonus, if declared, is declared and paid at end of every policy year after expiry of the premium payment term. It is expressed as a percentage of the Basic Sum Assured. Cash bonus, if declared, is available only if the Bonus option 2: Liquidity is chosen at inception of the policy. Cash bonus, if declared, is payable till the end of the policy term or death (except in Plan option 2: Savings + Family Care), whichever is earlier, provided the Policy is In-force Status. For Savings + Family Care option, after death of the Life Assured, Cash bonus, if declared, shall continue to be paid till Maturity.

The future bonus rates are not guaranteed and purely depend on the experience of the underlying Participating Fund.

### Critical Illnesses covered

Following thirty five (35) Critical Illnesses are covered under “Savings + Health Care” option of this plan:

1. Cancer of Specified Severity
2. First Heart Attack – of specified severity

### Waiver of premium Benefit

**Plan Option 1: Savings**
Waiver of Premium benefit is not applicable under this plan option.

**Plan Option 2: Savings + Family Care**
In case of death of the Life Assured while the Policy is In-force status, the following benefits will be payable:
1) Sum Assured on death will be paid as lump sum on death of the life assured
2) No future premiums shall be payable after the death and
3) Maturity benefit (including all bonuses if declared) will be payable as mentioned in the Death Benefit section

**Plan Option 3: Savings + Health Care**
If the Life Assured is diagnosed to be suffering from any of the covered 35 Critical Illnesses while the Policy is In-force status, all future premiums that would otherwise have been payable under the base policy shall be waived for the remainder of the premium payment term subject to:
- Waiting period of 90 days (from the later of the Date of Inception of the Policy or the date of the last revival of the Policy, as applicable).

Waiver of benefit shall not be applicable on Riders. All applicable riders shall terminate if waiver of premium benefit is triggered under Savings + Health Care option and on death of the Life Assured under Savings + Family Care option.

### Following thirty five (35) Critical Illnesses are covered under “Savings + Health Care” option of this plan:

1. Cancer of Specified Severity
2. First Heart Attack – of specified severity
3. Open Chest CABG
4. Open Heart Replacement or Repair of Heart Valves
5. Coma of Specified Severity
6. Kidney Failure requiring Regular Dialysis
7. Stroke resulting in Permanent Symptoms
8. Major Organ/Bone Marrow Transplant
9. Permanent Paralysis of Limbs
10. Motor Neurone Disease with permanent symptoms
11. Multiple Sclerosis with permanent symptoms

31. Bacterial Meningitis
32. Chronic Pancreatitis
33. Acute Viral Encephalitis
34. Fulminant Viral Hepatitis
35. Severe Rheumatoid Arthritis
Other Features

Loans
You may take a loan against your policy once it acquires a Surrender Value. The maximum amount that can be availed is 90% of Special Surrender Value of your policy at the end of the relevant Policy Year less any unpaid premiums for that year and loan interest accrued, if a loan already exists on the policy, to the end of that year. While you avail the loan, your Policy must be assigned in favour of the Company to the extent of the outstanding loan. The rate of interest for your loan amount shall be prescribed by the Company from time to time. Currently, the Company charges interest rate of 10.5% p.a. compounding annually. The rate of interest is taken as the 10 Year G-Sec rate plus 250 basis points rounded up to nearest 50 basis points. The Company will review the rate on an annual basis in April based on the prevailing G-Sec rate. However, under special circumstances where the G-Sec rate changing in excess of 200 basis points from the G-Sec rate used for calculating the current interest rate, the company shall review the rate based on the prevailing G-Sec rate. The Company reserves the right to change this interest rate, subject to prior approval from IRDAI.

Please refer to the rider brochure and rider terms and conditions for further details.

Riders
To safeguard your family against certain unfortunate events, you can opt for the following riders at a nominal cost:

- **PNB MetLife Accidental Death Benefit Rider Plus (UIN: 117B020V03)**
  - This Rider provides additional protection over and above the death benefit under this Policy in the event of the death of the Life Assured in an Accident.

- **PNB MetLife Serious Illness Rider (UIN: 117B021V03)**
  - This Rider provides additional protection over and above the Death Benefit under this Policy in the event of the Life Assured being diagnosed with any of the 10 critical illnesses covered under the Rider.

Please refer to the rider brochure and rider terms and conditions for further details.

- Rider Sum Assured shall be subject to Sum Assured of the base policy
- Premium for health riders put together shall be subject to a ceiling of 100% of the premium of the base product and the premium for other riders put together shall be subject to a ceiling of 30% of the premium of the base product.
- Riders will be available only with premium payment terms 5, 7, 10, 12 and 15 years and Regular pay
- Rider will not be offered if the outstanding term under the base policy is less than 5 years.

Flexible premium payment modes and modal factors
You may choose to pay premiums by Yearly, Half Yearly or Monthly mode subject to the minimum annualized premium under each mode.

Factors on premium will be applicable as per the table below:

<table>
<thead>
<tr>
<th>Premium Paying Mode</th>
<th>Modal Factors</th>
</tr>
</thead>
<tbody>
<tr>
<td>Half Yearly</td>
<td>0.5131</td>
</tr>
<tr>
<td>Monthly</td>
<td>0.0886</td>
</tr>
</tbody>
</table>

Alteration between different modes of premium payment is allowed only at any Policy Anniversary on request.

High Sum Assured Discount
You will be eligible for the following discount on the tabular Premium for Savings, Savings + Family Care, and Savings + Health Care options, for higher Sum Assured amount depending on the premium payment type:

<table>
<thead>
<tr>
<th>Premium Payment Term (Years)</th>
<th>Discount per 1000 Basic Sum Assured per annum</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>for Premium of ₹1 lacs and above but less than ₹2 lacs = ₹1.5 for Premium of ₹2 lacs and above = ₹3.25</td>
</tr>
<tr>
<td>7</td>
<td>for Premium of ₹50,000 and above but less than ₹1 lacs = ₹2 for Premium of ₹1 lacs and above but less than ₹2 lacs = ₹4 for Premium of ₹2 lacs and above = ₹5</td>
</tr>
<tr>
<td>10</td>
<td>for Premium of ₹50,000 and above but less than ₹1 lacs = ₹1.5 for Premium of ₹1 lacs and above but less than ₹2 lacs = ₹3 for Premium of ₹2 lacs and above = ₹4.5</td>
</tr>
<tr>
<td>12, 15 and Regular Pay</td>
<td>for Premium of ₹50,000 and above but less than ₹1 lacs = ₹3 for Premium of ₹1 lacs and above but less than ₹2 lacs = ₹4 for Premium of ₹2 lacs and above = ₹5</td>
</tr>
</tbody>
</table>

Grace period
If premiums are not paid on their due dates, a grace period of 30 days (15 days for monthly mode) from the due date of unpaid premium will be allowed for payment of premium without interest. During the grace period the policy shall continue to be in force for all the insured events.

Premium Discontinuance
If you discontinue paying premium, your policy will be Lapsed or Reduced Paid-Up.

- **Policy in Lapse status**
  - If all due premiums for the first two consecutive years are not paid, the policy lapses at the end of the grace period and the risk cover will cease immediately.
  - If you discontinue the payment of premiums before your policy has acquired a Surrender Value, your Policy will lapse at the end of the grace period and the Death Benefit and Rider Benefits, if any, will cease immediately and automatically and no benefits will be paid when the Policy is in lapsed status. A lapsed policy can be revived as defined in ‘Revival’ section.
Benefits | Payout
--- | ---
**Death Benefit**
Savings and Savings + Health Care option:
Sum Assured on Death as mentioned in the Death Benefit section x (Number of Installment Premiums paid / Number of Installment Premiums payable during the Premium Payment Term); Plus sum of all accrued Simple Reversionary Bonuses, if declared.
At any point in time the minimum death benefit shall be 105% of total premiums paid up to the date of death.
Savings + Family Care option:
Sum Assured on Death as mentioned in the Death Benefit section x (Number of Installment Premiums paid / Number of Installment Premiums payable during the Premium Payment Term).
At any point in time the minimum death benefit shall be 105% of total premiums paid up to the date of death.
For policies in Reduced Paid-up status, after death of the Life assured the policy will continue till maturity with reduced benefit as defined below.
**Maturity Benefit**
Sum Assured on Maturity x (Number of Installment Premiums paid / Number of Installment Premiums payable during the Premium Payment Term); Plus sum of all accrued Simple Reversionary Bonuses, if declared, added till the date of Reduced Paid-up Status.
**Critical Illness**
Savings & Savings + Family Care option: Not applicable
Savings + Health Care option: if critical illness occurs when the policy is in Paid-up status, Waiver of premium benefit shall not be applicable.

Once the policy becomes Reduced Paid-Up,
- The policy will not be eligible for any type of bonuses in future
- Rider benefits, if any, will cease immediately once the policy acquires Reduced Paid-Up status

**Surrender Value**
If your Policy has acquired a Surrender Value, as explained in the premium discontinuance section, and you choose to discontinue your Policy, you will be entitled to the Surrender Value, which is higher of the Guaranteed Surrender Value (GSV) or Special Surrender Value (SSV) of the policy. The policy will be terminated once it is surrendered and cannot be revived.
For Savings + Family Care option, after death of the life assured, the policy shall continue till maturity and cannot be surrendered.

**Revival**
If your policy is lapsed or paid-up condition you can revive the policy during the revival period by paying the arrears of premiums along with interest at prevailing rate of interest, if any. If the base plan is revived, rider benefits can be revived by paying the arrears of premiums under the riders along with interest payment at prevailing rate of interest.
The prevailing rate of interest used for revival is 8% p.a. The rate of interest is calculated as the 10 Year G-Sec rate plus 100 basis points, rounded up to the nearest 50 basis points. The Company will review the rate on an annual basis in June based on the prevailing G-Sec rate. However under special circumstances where the G-Sec rate changing in excess of 200 basis points from the G-Sec rate used for calculating the current interest rate, the company shall review the rate based on the prevailing G-Sec rate.
This formula will be reviewed annually and only altered subject to prior approval of IRDA of India. The revival of the policy and riders, if any, will be subject to Board approved underwriting Policy.
The revival period is the period of five consecutive years from the date of first unpaid premium.
On revival of the policy, the accrued bonuses / cash bonuses, if declared, will be revived along with the base Policy benefits and the policy will also be eligible for future bonus.
A Surrendered Policy cannot be revived. The Company reserves the right to revive the lapsed policy by imposing such extra premium as it deems fit as per the Board approved underwriting policy.

**Termination**
The Policy will be terminated on the earliest of the following:
- On Cancellation during Free look Period
- Upon payment of Surrender Benefit
- At the expiry of the Revival period, when the Policy has not been revived and provided the said Policy has not acquired any Reduced Paid-Up Value
- Upon payment of death claim (except Savings + Family Care option) or maturity claim amount.

**Terms & Conditions**
- **Free look period**
  Please go through the terms and conditions of your Policy very carefully. If you have any objections to the terms and conditions of your Policy, you may cancel the Policy by giving a signed written notice to us within 15 days (30 days in case the Policy is sold to You through Distance Marketing) from the date of receiving your Policy, stating the reasons for your objection and you will be entitled to a refund of the premium paid
**Critical Illnesses definitions and exclusions**

1. **Cancer of Specified Severity**
   
   A malignant tumor characterized by the uncontrolled growth and spread of malignant cells with invasion and destruction of normal tissues. This diagnosis must be supported by histological evidence of malignancy. The term cancer includes leukemia, lymphoma and sarcoma.

   The following are excluded:
   
   i. All tumors which are histologically described as carcinoma in situ, benign, pre-malignant, borderline malignant, low malignant potential, neoplasm of unknown behaviour, or non-invasive, including but not limited to: Carcinoma in situ of breasts, Cervical dysplasia CIN-1, CIN - 2 and CIN-3
   ii. Any non-melanoma skin carcinoma unless there is evidence of metastases to lymph nodes or beyond;
   iii. Malignant melanoma that has not caused invasion beyond the epidermis;
   iv. All tumors of the prostate unless histologically classified as having a Gleason score greater than 6 or having progressed to at least clinical TNM classification T2N0M0
   v. All Thyroid cancers histologically classified as T1N0M0 (TNM Classification) or below;
   vi. Chronic lymphocytic leukemia less than RAI stage 3
   vii. Non-invasive papillary cancer of the bladder histologically described as TaN0M0 or of a lesser classification,
   viii. All Gastro-Intestinal Stromal Tumors histologically classified as T1N0M0 (TNM Classification) or below and with mitotic count of less than or equal to 5/50 HPFs;

2. **First Heart Attack**
   
   The first occurrence of heart attack or myocardial infarction, which means the death of a portion of the heart muscle as a result of inadequate blood supply to the relevant area. The diagnosis for Myocardial Infarction should be evidenced by all of the following criteria:
   
   i. A history of typical clinical symptoms consistent with the diagnosis of acute myocardial infarction (For e.g. typical chest pain)
   ii. New characteristic electrocardiogram changes
   iii. Elevation of infarction specific enzymes, Troponins or other specific biochemical markers.

   The following are excluded:
   
   i. Other acute Coronary Syndromes
   ii. Any type of angina pectoris
   iii. A rise in cardiac biomarkers or Troponin T or I in absence of overt ischemic heart disease OR following an intra-arterial cardiac procedure

3. **Open Chest CABG**
   
   The actual undergoing of heart surgery to correct blockage or narrowing in one or more coronary artery(s), by coronary artery bypass grafting done via a sternotomy (cutting through the breast bone) or minimally invasive keyhole coronary artery bypass procedures. The diagnosis must be supported by a coronary angiography and the realization of surgery has to be confirmed by a cardiologist.

   The following are excluded:
   
   i. Angioplasty and/or any other intra-arterial procedures

4. **Open Heart Replacement Or Repair Of Heart Valves**
   
   The actual undergoing of open-heart valve surgery is to replace or repair one or more heart valves, as a consequence of defects in, abnormalities of, or disease-affected cardiac valve(s). The diagnosis of the valve abnormality must be supported by an echocardiography and the realization of surgery has to be confirmed by a specialist medical practitioner. Catheter based techniques including but not limited to, balloon valvotomy/valvuloplasty are excluded.

5. **Coma of Specified Severity**
   
   A state of unconsciousness with no reaction or response to external stimuli or internal needs. This diagnosis must be supported by evidence of all of the following:
   
   i. no response to external stimuli continuously for at least 96 hours;
   ii. life support measures are necessary to sustain life; and
   iii. permanent neurological deficit which must be assessed at least 30 days after the onset of the coma.

   The condition has to be confirmed by a specialist medical practitioner. Coma resulting directly from alcohol or drug abuse is excluded.

6. **Kidney Failure Requiring Regular Dialysis**
   
   End stage renal disease presenting as chronic irreversible failure of both kidneys to function, as a result of which either regular renal dialysis (haemodialysis or peritoneal dialysis) is instituted or renal transplantation is carried out. Diagnosis has to be confirmed by a specialist medical practitioner.

7. **Stroke Resulting In Permanent Symptoms**
   
   Any cerebrovascular incident producing permanent neurological sequelae. This includes infarction of brain tissue, thrombosis in an intracranial vessel, haemorrhage and embolisation from an extracranial source. Diagnosis has to be confirmed by a specialist medical practitioner and evidenced by typical clinical symptoms as well as typical findings in CT Scan or MRI of the brain. Evidence of permanent neurological deficit lasting for at least 3 months has to be produced.

---

**Tax benefits**

Tax benefits under this plan may be available as per the provisions and conditions of the Income Tax Act, 1961 and are subject to amendments made thereto from time to time. Please consult your tax advisor for advice on the availability of tax benefits for the premiums paid and proceeds received under the policy.

**Suicide exclusions**

If the Life Insured, commits suicide within twelve months from the Date of commencement of risk or from the Date of Revival of the Policy as applicable, the Nominee or beneficiary of the Policyholder shall be entitled to 80% of the Total Premiums paid till the date of death or Surrender Value available as on the date of death, whichever is higher, provided the Policy is in Inforce status. We shall not be liable to pay any amounts to the nominee.

**Waiting period**

For Savings + Health Care option there will be a waiting period of 90 days from Policy inception or from any subsequent revival, whichever is later. If a claim occurs for the waiver of premium (WOP) benefit under Savings + Health Care option during the waiting period, the WOP cover terminates and future premiums for the plan shall be reduced to the premiums payable under Savings option for a similar contract (i.e. same age at entry, Sum Assured, policy term, premium payment mode, including any discounts, if applicable). On death of Life Insured during Waiting Period, Death Benefit, as applicable under Death Benefit section shall be payable to the Nominee.
The following are excluded:

i. Transient ischemic attacks (TIA)
ii. Traumatic injury of the brain
iii. Vascular disease affecting only the eye or optic nerve or vestibular functions

8. Major Organ / Bone Marrow Transplant

The actual undergoing of a transplant of:

i. One of the following human organs: heart, lung, liver, kidney, pancreas, that resulted from irreversible end-stage failure of the relevant organ, or
ii. Human bone marrow using haematopoietic stem cells. The undergoing of a transplant has to be confirmed by a specialist medical practitioner

The following are excluded:

i. Other stem-cell transplants
ii. Where only islets of Langerhans are transplanted

9. Permanent Paralysis of Limbs

Total and irreversible loss of use of two or more limbs as a result of injury or disease of the brain or spinal cord. A specialist medical practitioner must be of the opinion that the paralysis will be permanent with no hope of recovery and must be present for more than 3 months.

10. Motor Neurone Disease

Motor neuron disease diagnosed by a specialist medical practitioner as spinal muscular atrophy, progressive bulbar palsy, amyotrophic lateral sclerosis or primary lateral sclerosis. There must be progressive degeneration of corticospinal tracts and anterior horn cells or bulbar efferent neurons. There must be current significant and permanent neurological impairment with objective evidence of motor dysfunction that has persisted for a continuous period of at least 3 months.

11. Multiple Sclerosis with Permanent Symptoms

The unequivocal diagnosis of Definite Multiple Sclerosis confirmed and evidenced by all of the following:

i. investigations including typical MRI findings which unequivocally confirm the diagnosis to be multiple sclerosis and
ii. there must be current clinical impairment of motor or sensory function, which must have persisted for a continuous period of at least 6 months

Other causes of neurological damage such as SLE are excluded.

12. Blindness

Total, permanent and irreversible loss of all vision in both eyes as a result of illness or accident.

The Blindness is evidenced by:

i. corrected visual acuity being 3/60 or less in both eyes or
ii. the field of vision being less than 10 degrees in both eyes

The diagnosis of blindness must be confirmed and must not be correctable by aids or surgical procedure.

13. Apallic Syndrome

A vegetative state is absence of responsiveness and awareness due to dysfunction of the cerebral hemispheres, with the brain stem, controlling respiration and cardiac functions, remaining intact.

The definite diagnosis must be evidenced by all of the following:

i. Complete unawareness of the self and the environment
ii. Inability to communicate with others
iii. No evidence of sustained or reproducible behavioral responses to external stimuli
iv. Preserved brain stem functions
v. Exclusion of other treatable neurological or psychiatric disorders with appropriate neuropsychological or neuropsychological tests or imaging procedures
vi. The diagnosis must be confirmed by a Consultant Neurologist and the condition must be medically documented for at least one month without any clinical improvement

14. Benign Brain Tumour

Benign brain tumor is defined as a life threatening, non-cancerous tumor in the brain, cranial nerves or meninges within the skull. The presence of the underlying tumor must be confirmed by imaging studies such as CT scan or MRI.

This brain tumor must result in at least one of the following and must be confirmed by the relevant medical specialist.

i. Permanent Neurological deficit with persisting clinical symptoms for a continuous period of at least 90 consecutive days or
ii. Undergone surgical resection or radiation therapy to treat the brain tumor.

The following conditions are excluded:

Cysts, Granulomas, malformations in the arteries or veins of the brain, hematomas, abscesses, pituitary tumors, tumors of skull bones and tumors of the spinal cord.

15. Severe Liver Disease

Permanent and irreversible failure of liver function that has resulted in all three of the following:

i. Permanent jaundice; and
ii. Ascites; and
iii. Hepatic encephalopathy

Liver failure secondary to drug or alcohol abuse is excluded.

16. Chronic Lung Disease

End stage lung disease, causing chronic respiratory failure, as confirmed and evidenced by all of the following:

i. FEV1 test results consistently less than 1 litre measured on 3 occasions 3 months apart; and
ii. Requiring continuous permanent supplementary oxygen therapy for hypoxemia; and
iii. Arterial blood gas analysis with partial oxygen pressure of 55mmHg or less (PaO2 < 55mmHg); and
iv. Dyspnea at rest

17. Third-Degree Burns

There must be third-degree burns with scarring that cover at least 20% of the body’s surface area. The diagnosis must confirm the total area involved using standardized, clinically accepted, body surface area charts covering 20% of the body surface area.

18. Loss of Limbs

The physical separation of two or more limbs, at or above the wrist or ankle level limbs as a result of injury
The Activities of Daily Living are:

i. Washing: the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash satisfactorily by other means;

ii. Dressing: the ability to put on, take off, secure and unfasten all garments and, as appropriate, any braces, artificial limbs or other surgical appliances;

iii. Transferring: the ability to move from a bed to an upright chair or wheelchair and vice versa;

iv. Mobility: the ability to move indoors from room to room on level surfaces;

v. Toileting: the ability to use the lavatory or otherwise manage bowel and bladder functions so as to maintain a satisfactory level of personal hygiene;

vi. Feeding: the ability to feed oneself once food has been prepared and made available

The following are excluded:

i. Spinal cord injury

20. Surgery of The Aorta

Minimally invasive procedures like endovascular repair are covered under this definition. The surgery must be determined to be medically necessary by a Consultant Surgeon and supported by imaging findings.

For the above definition, the following are not covered:

i. Surgery to any branches of the thoracic or abdominal aorta (including aortofemoral or aortoiliac bypass grafts)

ii. Surgery of the aorta related to hereditary connective tissue disorders (e.g. Marfan syndrome, Ehlers–Danlos syndrome)

iii. Surgery following traumatic injury to the aorta

21. Alzheimer’s Disease

A definite diagnosis of Alzheimer’s disease evidenced by all of the following:

i. Loss of intellectual capacity involving impairment of memory and executive functions (sequencing, organizing, abstracting, and planning), which results in a significant reduction in mental and social functioning

ii. Personality change

iii. Gradual onset and continuing decline of cognitive functions

iv. No disturbance of consciousness

v. Typical neuropsychological and neuroimaging findings (e.g. CT scan)

The disease must require constant supervision (24 hours daily) [before age 65]. The diagnosis and the need for supervision must be confirmed by a Consultant Neurologist.

For the above definition, the following are not covered:

i. Other forms of dementia due to brain or systemic disorders or psychiatric conditions

22. Aplastic Anaemia

A definite diagnosis of Aplastic anaemia resulting in severe bone marrow failure with anaemia, neutropenia and thrombocytopenia. The condition must be treated with blood transfusions and, in addition, with at least one of the following:

i. Bone marrow stimulating agents

ii. Immunosuppressant

iii. Bone marrow transplantation

The diagnosis must be confirmed by a Consultant Hematologist and evidenced by bone marrow histology. Temporary or reversible aplastic anaemia is excluded and not covered in this Policy.

23. Cardiomyopathy

A definite diagnosis of one of the following primary cardiomyopathies:

i. Dilated Cardiomyopathy

ii. Hypertrophic Cardiomyopathy (obstructive or non-obstructive)

iii. Restrictive Cardiomyopathy

iv. Arrhythmogenic Right Ventricular Cardiomyopathy

The disease must result in at least one of the following:

i. Left ventricular ejection fraction (LVEF) of less than 40% measured twice at an interval of at least 3 months.

ii. Marked limitation of physical activities where less than ordinary activity causes fatigue, palpitation, breathlessness or chest pain (Class III or IV of the New York Heart Association classification) over a period of at least 6 months.

iii. Implantation of an Implantable Cardioverter Defibrillator (ICD) for the prevention of sudden cardiac death

The diagnosis must be confirmed by a Consultant Cardiologist and supported by echocardiogram or cardiac MRI. The implantation of an Implantable Cardioverter Defibrillator (ICD) must be determined by a Consultant Cardiologist.

For the above definition, the following are not covered:

i. Secondary (ischemic, valvular, metabolic, toxic or hypertensive) cardiomyopathy

ii. Transient reduction of left ventricular function due to myocarditis

iii. Cardiomyopathy due to systemic diseases

iv. Implantation of an Implantable Cardioverter Defibrillator (ICD) due to primary arrhythmias (e.g. Brugada or Long-QT-Syndrome)
24. Deafness
Total and irreversible loss of hearing in both ears as a result of illness or accident. This diagnosis must be supported by pure tone audiogram test and certified by an Ear, Nose and Throat (ENT) specialist. Total means “the loss of hearing to the extent that the loss is greater than 90 decibels across all frequencies of hearing” in both ears.

25. Loss of Speech
Total and irrecoverable loss of the ability to speak as a result of injury or disease to the vocal cords. The inability to speak must be established for a continuous period of 12 months. This diagnosis must be supported by medical evidence furnished by an Ear, Nose, Throat (ENT) specialist. All psychiatric related causes are excluded.

26. Medullary Cystic Disease
A definite diagnosis of medullary cystic disease evidenced by all of the following:

i. Ultrasound, MRI or CT scan showing multiple cysts in the medulla and corticomedullary region of both kidneys
ii. Typical histological findings with tubular atrophy, basement membrane thickening and cyst formation in the corticomedullary junction
iii. Glomerular filtration rate (GFR) of less than 40 ml/min (MDRD formula)
iv. The diagnosis must be confirmed by a Consultant Nephrologists

For the above definition, the following are not covered:

i. Polycystic kidney disease
ii. Multicystic renal dysplasia and medullary sponge kidney
iii. Any other cystic kidney disease

27. Muscular Dystrophy
A group of hereditary degenerative diseases of muscle characterized by weakness and atrophy of muscle without involvement of the nervous system. The diagnosis must be confirmed by a company appointed Registered Medical Practitioner who is a neurologist based on all the following conditions:

i. Clinical presentation including absence of sensory disturbance, normal cerebro-spinal fluid and mild tendon reflex reduction;
ii. Characteristic Electromyogram; or
iii. Clinical suspicion confirmed by muscle biopsy

The disease must result in a total inability to perform, by oneself, at least 3 out of 6 Activities of Daily Living for a continuous period of at least 3 months with no reasonable chance of recovery.

Activities of Daily Living are:

Washing – the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash satisfactorily by other means.

i. Getting dressed and undressed – the ability to put on, take off, secure and unfasten all garments and, if needed, any braces, artificial limbs or other surgical appliances
ii. Feeding oneself – the ability to feed oneself when food has been prepared and made available
iii. Maintaining personal hygiene – the ability to maintain a satisfactory level of personal hygiene by using the toilet or otherwise managing bowel and bladder function
iv. Getting between rooms – the ability to get from room to room on a level floor
v. Getting in and out of bed – the ability to get out of bed into an upright chair or wheelchair and back again.

The diagnosis must be confirmed by a Consultant Neurologist and supported by electromyography (EMG) and muscle biopsy findings.

28. Primary Pulmonary Hypertension
An unequivocal diagnosis of Primary (Idiopathic) Pulmonary Hypertension by a Cardiologist or specialist in respiratory medicine with evidence of right ventricular enlargement and the pulmonary artery pressure above 30 mm of Hg on Cardiac Cauterization. There must be permanent irreversible physical impairment to the degree of at least Class IV of the New York Heart Association Classification of cardiac impairment.

The NYHA Classification of Cardiac Impairment are as follows:

i. Class III: Marked limitation of physical activity. Comfortable at rest, but less than ordinary activity causes symptoms.
ii. Class IV: Unable to engage in any physical activity without discomfort. Symptoms may be present even at rest.

Pulmonary hypertension associated with lung disease, chronic hypoventilation, pulmonary thromboembolic disease, drugs and toxins, diseases of the left side of the heart, congenital heart disease and any secondary cause are specifically excluded.

29. Systemic Lupus Erythematosus (SLE)
The Systemic Lupus Erythematous (SLE) is a systemic autoimmune disease. It can affect any part of the body. The immune system erroneously attacks the body’s cells and tissue resulting in inflammation and damage. It can be diagnosed by typical laboratory findings and associated symptoms, the so-called butterfly rash being the most known, and has to be treated with corticosteroids or other immune suppressants.

A definite diagnosis of systemic lupus erythematosus evidenced by all of the following:

i. Typical laboratory findings, such as presence of antinuclear antibodies (ANA) or anti-dsDNA antibodies
ii. Symptoms associated with lupus erythematosus (butterfly rash, photosensitivity, serositis)
iii. Continuous treatment with corticosteroids or other immune suppressants

Additionally, one of the following organ involvements must be diagnosed:

i. Lupus nephritis with proteinuria of at least 0.5 g/day and a Glomerular filtration rate of less than 60 ml/min (MDRD formula)
ii. Libman-Sacks endocarditis or myocarditis
iii. Neurological deficits or seizures over a period of at least 3 months and supported by cerebrospinal fluid or EEG findings. Headaches, cognitive and psychiatric abnormalities are specifically excluded
iv. The diagnosis must be confirmed by a Consultant Rheumatologist or Nephrologists
v. The other form of lupus erythematosus the Discoid lupus erythematosus or subacute cutaneous lupus erythematosus or a lupus erythematosus that is drug-induced are not covered.

30. Amyotrophic Lateral Sclerosis
A definite diagnosis of amyotrophic lateral sclerosis. Should be characterized by muscular weakness and atrophy, evidence of anterior horn cell dysfunction, visible muscle fasciculations, spasticity, hyperactive deep tendon reflexes and external planter reflexes, evidence of corticospinal tract involvement, dysarthric and dysphagia. Appropriate neuromuscular testing such as Electromyogram (EMG) must be present.

The disease must result in a total inability to perform, by oneself, at least 3 out of 6 Activities of Daily Living for a continuous period of at least 3 months with no chance of recovery.
Activities of Daily Living are:

i. Washing – the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash satisfactorily by other means.

ii. Getting dressed and undressed – the ability to put on, take off, secure and unfasten all garments and, if needed, any braces, artificial limbs or other surgical appliances.

iii. Feeding oneself – the ability to feed oneself when food has been prepared and made available.

iv. Maintaining personal hygiene – the ability to maintain a satisfactory level of personal hygiene by using the toilet or otherwise managing bowel and bladder function.

v. Getting between rooms – the ability to get from room to room on a level floor.

vi. Getting in and out of bed – the ability to get out of bed into an upright chair or wheelchair and back again.

vii. The diagnosis must be confirmed by a Consultant Neurologist and supported by nerve conduction studies (NCS) and electromyography (EMG).

For the above definition, the following are not covered:

i. Other forms of motor neurone disease

ii. Multifocal motor neuropathy (MMN) and inclusion body myositis

iii. Post-polio syndrome

iv. Spinal muscular atrophy

v. Polymyositis and dermatomyositis

31. Bacterial Meningitis

A definite diagnosis of Bacterial meningitis causing inflammation of the membranes of the brain or spinal cord resulting in a persistent neurological deficit documented for at least 3 months following the date of diagnosis. The diagnosis must be confirmed by a Consultant Neurologist and supported by growth of pathogenic bacteria from cerebrospinal fluid culture.

For the above definition, the following are not covered:

i. Aseptic, viral, parasitic or non-infectious meningitis

Waiting period will be of 3 months.

32. Chronic Pancreatitis

A definite diagnosis of severe chronic pancreatitis evidenced by all of the following:

i. Exocrine pancreatic insufficiency with weight loss and steatorrhea

ii. Endocrine pancreatic insufficiency with pancreatic diabetes

iii. Need for oral pancreatic enzyme substitution

These conditions have to be present for at least 3 months. The diagnosis must be confirmed by a Consultant Gastroenterologist and supported by imaging and laboratory findings (e.g. faecal elastase).

For the above definition, the following are not covered:

i. Chronic pancreatitis due to alcohol or drug use

ii. Acute pancreatitis

33. Acute Viral Encephalitis

A definite diagnosis of acute viral encephalitis resulting in a persistent neurological deficit documented for at least 3 months following the date of diagnosis. The diagnosis must be confirmed by a Consultant Neurologist and supported by typical clinical symptoms and cerebrospinal fluid or brain biopsy findings.

For the above definition, the following are not covered:

i. Encephalitis caused by bacterial or protozoal infections

ii. Myalgic or paraneoplastic encephalomyelitis

34. Fulminant Viral Hepatitis

A sub massive to massive necrosis of the liver by the Hepatitis virus, leading precipitously to liver failure. The diagnosis must be supported by all of the following:

i. Typical symptoms of inflammation (arthralgia, swelling, tenderness) in at least 20 joints over a period of 6 weeks at the time of diagnosis

ii. Rheumatoid factor positivity (at least twice the upper normal value) and/or presence of anti-citrulline antibodies

iii. Continuous treatment with corticosteroids

iv. Treatment with a combination of “Disease Modifying Anti-Rheumatic Drugs” (e.g. methotrexate plus sulfasalazine/leflunomide) or a TNF inhibitor over a period of at least 6 months

v. Radiographic evidence of bony erosions or loss of cartilage in at least 2 of the following joint areas: fingers, hand, wrist, elbow, cervical spine, knee, ankle, foot

The diagnosis must be confirmed by a Consultant Rheumatologist appointed by Insurance company.

For the above definition, the following are not covered:

i. All other non-viral causes of acute liver failure (including paracetamol or aflatoxin intoxication)

ii. Fulminant viral hepatitis associated with intravenous drug use

35. Severe Rheumatoid Arthritis

A definite diagnosis of rheumatoid arthritis evidenced by all of the following:

i. Typical symptoms of inflammation (arthralgia, swelling, tenderness) in at least 20 joints over a period of 6 weeks at the time of diagnosis

ii. Rheumatoid factor positivity (at least twice the upper normal value) and/or presence of anti-citrulline antibodies

iii. Continuous treatment with corticosteroids

iv. Treatment with a combination of “Disease Modifying Anti-Rheumatic Drugs” (e.g. methotrexate plus sulfasalazine/leflunomide) or a TNF inhibitor over a period of at least 6 months

v. Radiographic evidence of bony erosions or loss of cartilage in at least 2 of the following joint areas: fingers, hand, wrist, elbow, cervical spine, knee, ankle, foot

The diagnosis must be confirmed by a Consultant Rheumatologist appointed by Insurance company.

For the above definition, the following are not covered:

i. Reactive arthritis, psoriatic arthritis and activated osteoarthritis

Exclusions for Critical Illness benefit

Apart from the disease specific exclusions given along with definitions of diseases, no waiver of premium benefit will be payable if the Critical Illness is caused or aggravated directly or indirectly by any of the following acts of the life insured unless those are beyond his / her control:

- Any diseases occurring within 90 days of the start of coverage or date of revival (i.e. during the waiting period).
- Failure to follow medical advice
Nomination shall be in accordance with provisions of Section 39 of the Insurance Act 1938 as amended from time to time. Nomination of this Policy is not applicable if the Policy has been effected under Section 6 of the Married Women's Property Act 1874.

Assignment shall be in accordance with provisions of Section 38 of the Insurance Act 1938 as amended from time to time. Assignment of this Policy is not applicable if the Policy has been effected under Section 6 of the Married Women's Property Act 1874.

About PNB MetLife

PNB MetLife India Insurance Company Limited (PNB MetLife) is one of the leading life insurance companies in India. PNB MetLife has as its shareholders MetLife International Holdings LLC (MIHL), Punjab National Bank Limited (PNB), Jammu & Kashmir Bank Limited (JKB), M. Pallonji and Company Private Limited and other private investors, MIHL and PNB being the majority shareholders. PNB MetLife has been present in India since 2001.

PNB MetLife brings together the financial strength of a leading global life insurance provider, MetLife, Inc., and the credibility and reliability of PNB, one of India's oldest and leading nationalised banks. The vast distribution reach of PNB together with the global insurance expertise and product range of MetLife makes PNB MetLife a strong and trusted insurance provider.

For more information, visit www.pnbmetlife.com

Extract of Section 41 of the Insurance Act, 1938, as amended from time to time states

1. In accordance with Section 41 of the Insurance Act, 1938, as amended from time to time no person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer.

2. Any person making default in complying with the provisions of this section shall be punishable with fine which may extend to ten lakh rupees.

Fraud and misrepresentation

Treatment will be as per Section 45 of the Insurance Act, 1938 as amended from time to time.

- Please read this Sales brochure carefully before concluding any sale.
- This product brochure is only indicative of terms, conditions, warranties and exceptions contained in the insurance policy. The detailed Terms and Conditions are contained in the Policy Document.
